DEDICATION
DR. ISADORE MESCHAN

"Brilliant," "Involved," "Superb teacher." "Dedicated." These words accompanied the nominations for Dr. Isadore Meschan as the Class of 1984 elected by ballot the recipient of this year's dedication. Dr. Meschan stands out among our faculty as a respected and admired man, one who loves his work and passes his enthusiasm on to his students. He is viewed as an expert in his field but never condescending as an instructor. His manner is firm and commanding yet gentle and genuinely caring.

Dr. Meschan hails from Cleveland, Ohio, where he was born and raised. At Western Reserve University he received his B.A., his Master's in physiology, and in 1939, his M.D. He began his residency at Cleveland's University Hospital planning to practice family medicine at the conclusion of his training, but instead was captivated by the boundless limits of the field of radiology.

In 1951, *An Atlas of Normal Radiographic Anatomy* was published. Dr. Meschan wrote it because at the time very little was written on the subject. This was followed by thirteen other textbooks either authored or coauthored by Dr. Meschan. One of these, *Roentogen Signs in Clinical Diagnosis,* was the first radiology textbook to use and orientation of radiographic signs rather than of disease.

During World War II he was stationed in Melbourne, Austrailia, where he met and married Rachel Farrer, M.D. After the war he returned to Western Reserve as a teaching fellow and then became and instructor. He grew fascinated with the peaceful application of radionuclides in nuclear medicine. In 1947 he moved to Little Rock, Arkansas, to head the radiology department. There he was pivotal in the early work that resulted in the use of cobalt 60 in radiotherapy.

In 1955 he arrived in Winston-Salem as the head of Bowman Gray School of Medicine's radiology department. Here he has continued with his research, publishing over 100 articles and abstracts. In 1977 he retired as department chairman and over two-thirds of the residents he graduated returned for a banquet in his honor.

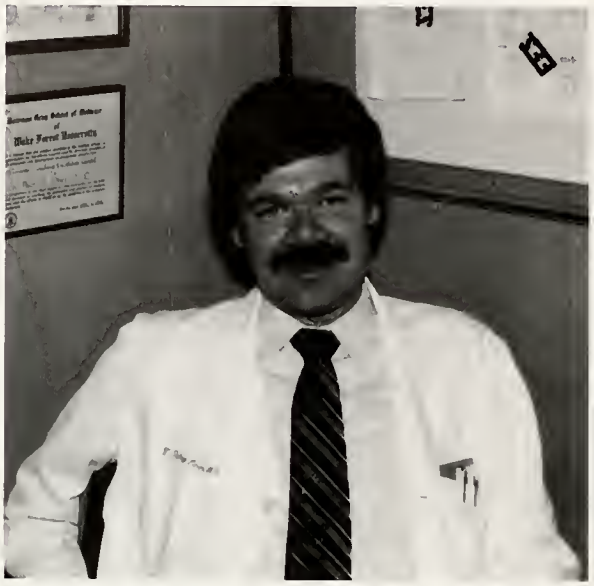

He received the Gold Medal of the American College of Radiology in 1978, as well as scores of honors before and since.

Now in 1984, Dr. Meschan has decided to retire. He and his wife will remain in Winston-Salem, perhaps with more time for tennis, perhaps with more time for their son and three daughters — all outstanding professional individuals.

His years at Bowman Gray have been valued by his peers, residents, and students. He is a warm man, always a gentleman, with energy and enthusiasm. He is a role model for all people. The Class of 1984 is honored to dedicate this book to him.

(Biographical data from Applied Radiology, Vol. No. 6, pg 31)

FACULTY AWARDS FOR ACHIEVEMENT

TEACHING EXCELLENCE

Awarded by the medical school administration, academic faculty, and student body.

K. PATRICK OBER, M.D.

AOA APPOINTMENTS

March 1983
Karolyn Kruger
Cynthia K. Robinson
Archie A. Tyson, Jr.

November 1983
Jill P. Cermak
F. Wright Hartsell
Deborah O. Jeffries
Mary Lou McMaster

Robert A. Moore, III
Leonard D. Nelson, Jr.
Karen H. Raines
Douglas K. Smith
H. Dennis Snyder, III

Thomas F. Trahey
Kevin M. White
Stephen C. Widman
Susan K. Williford

SCHOLARSHIPS

Annie J. Covington Memorial Award Archie A. Tyson, Jr.
For outstanding interest, performance and attainment in work with cardiology patients

C.B. Deane Memorial Award Robert A. Moore, III
For outstanding performance in clinical oncology

Pediatric Merit Award Karen H. Raines
For all-around ability and interest in Pediatrics

Obstetrics and Gynecology Laura L. Williams
For outstanding academic and professional stature in Ob/Gyn

Robert P. Vidinghoff Memorial Award Perry L. Bartelt
For aptitude and devotion to the field of family practice

Upjohn Achievement Award Archie A. Tyson, Jr.
For the senior, elected by his classmates, who most completely embodies the concept of the "Total Physician"

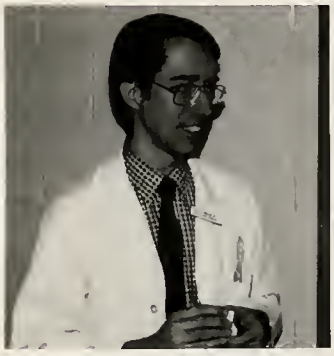

Faculty Award Karolyn Kruger
For demonstrating overall scholarship and character

Surgical Merit Award R. Bradley Thomason, III
For excellence in the field of surgery

Willit Award Robert Lee Brownlow, Jr. (Class of 1985)
For demonstrating interest and ability in neurosonography

AWARDS IN TEACHING EXCELLENCE

BASIC SCIENCE TEACHING EXCELLENCE AWARD

James E. Peacock, M.D.

Donald O. Castell, M.D.

CLINICAL TEACHING EXCELLENCE AWARD

Ronald B. Mack, M.D.

Jimmy L. Simon, M.D.

HOUSE OFFICER TEACHING EXCELLENCE AWARD

Julia M. Cruz, M.D.

Kirk B. Faust, M.D.

IN MEMORIAM

FINLEY CLAY WATTS, SR., Ph.D.
March 4, 1928 — August 6, 1983

Acknowledged with sympathy is the death of Dr. Finley Clay Watts, Director, Health Protection Section, Bowman Gray School of Medicine, Winston-Salem, North Carolina. While on an excursion with technologist friends from South Carolina, his small plane crashed August 6 in Wiscasset, Maine, resulting in his untimely death.

Dr. Watts graduated from Wake Forest College in 1957 with a Bachelor of Science degree. After serving as a high school physics teacher and instructor at Wake Forest College, he came to the medical center in 1961 as Director, Health Physics Section, Bowman Gray School of Medicine. In 1974, he received his doctorate from Walden University in Florida. The following year, Dr. Watts was appointed Research Assistant Professor, Department of Radiology, Bowman Gray School of Medicine of Wake Forest University.

He served as President of the North Carolina Chapter, Health Physics Society and as President of the Southeast Chapter, American Association of Physicists in Medicine. He was a respected member of the International Radiation Protection Association, The American Public Health Association, The American College of Radiology and its North Carolina chapter of ACR. Additionally Dr. Watts was a consultant to numerous community hospitals in North Carolina, South Carolina, Virginia, West Virginia, and Tennessee.

He was a very caring man and his absence is felt by all.

IN MEMORIAM

HARRY O. PARKER
September 25, 1907 — October 29, 1983

With the death of Harry Parker, the Bowman Gray School of Medicine has lost a dear friend.

Mr. Parker graduated from the University of North Carolina School of Commerce in 1930 and earned his C.P.A. in 1933. From 1942 to 1946 he served the United States Army in the cost analysis department.

He began working as the Bowman Gray controller on October 29, 1947 and served in that capacity until his 1971 promotion to Associate Dean for Administration. At that time he also became the school's first director of the Division of Resource Management. Under his leadership, the Division developed the sound financial management practices which carried the Medical School through its early years of growth and development. Mr. Parker retired later that year but in 1976 he returned to Bowman Gray as treasurer of the Medical Center Challenge Fund.

The Harry O. Parker Neurosciences Research Fund was established in his honor in 1973 to support the development of new research concepts in the neurosciences.

Mr. Parker was a former vice-chairman of the Group of Business Affairs of the Association of American Medical Colleges. He was a member of the American Institute of Certified Public Accountants and the North Carolina Association of Certified Public Accountants.

Dr. Richard Janeway said, "Harry Parker's life exemplified those traits that are honorable and worthy — a strict personal code of fairness, honesty and integrity — devotion to the medical school, and a love of family and an unwavering faith in God."

SPECIAL APPRECIATION MARTHA URBANIK

We thank you.

For the countless times we asked you the same silly quesions over and over;

For allowing us to vent our frustrations when the system didn't work our way;

For helping the Dean to see our point of view and vice versa;

For reminding us to take care of the so and not-so trivial details;

For helping us try to find jobs;

We thank you.

Martha has served Bowman Gray School of Medicine as Registrar and Administrative Assistant to the Dean of Student Affairs for the past several years. Her dedication to helping our students and staff will surely be missed.

We wish Martha, her husband Bill, and son Urson all the best as they move to Cincinnati to join the Bengals!

BOWMAN GRAY BOARDS

Tired of that caged-in feeling,

Like you're not getting anywhere?

Like somebody's watching your every move,

And no matter what you do
your destiny is a SAT?
Are you ready for a break?
Well good news —

Here's a little quiz that even *you* can SUP.
You're familiar with the format —
Lucy's explained it to you before.
Take your time and make sure you com-
pletely
fill in the little circles
on your answer sheet.
You'll receive your grade in 3-4 months.
Now how many need a #2 pencil?
Good Luck

TYPE A — Select the one BEST answer

The name of this book is: The

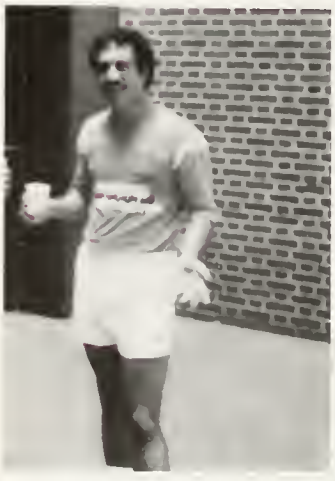

A. Gray Matter

B. White Matter

C. Black Matter

D. Alma Mater

E. Dr. Strittmatter

F. It don't matter

TYPE A — continued

Which of the following provides the best role model for a competent, sensitive, dedicated, self-sacrificing physician?

(Don't worry, we'll throw this one out when your tests are scored.)

A.

B.

C.

D.

E.

F.

G.

TYPE B — Matching

1.

2.

3.

A. Department Chairman

Leaps over tall buildings in a single bound
Is more powerful than a locomotive
Is faster than a speeding bullet
Walks over water
Gives policy to God

B. Staff Physician

Leaps over short buildings in a single bound
Is more powerful than a switch engine
Is just as fast as a speeding bullet
Walks on water if the sea is calm
Talks with God

C. Resident Physician

Leaps over short buildings with a running bound and favorable winds
Is almost as powerful as a switch engine
Is faster than a speeding BB
Walks on water in a swimming pool
Talks with God if a special request is approved

D. Intern

Clears a small hut
Loses a race with a locomotive
Can fire a speeding bullet
Swims well
Is occasionally addressed by God

E. Medical Student

Runs into small buildings
Recognizes locomotives two out of three times
Good target for a speeding bullet
Wets himself with a water pistol
Is humble to animals

F. Nurse

Lifts buildings to walk under
Kicks locomotives off the track
Catches speeding bullets in her teeth
Freezes water with a single glance
She is a god

(Author unknown)

4.

5.

6.

Matching — continued

A) Gee, I wonder how much Vitamin C is in this orange juice.

B) Mark! You do have the hands of a surgeon.

C) Are you ready for me to turn the page, Sweetie?

D) Maybe if we stand here and smile someone will take our picture.

E) (Write in your own answer.)_____

F) Say what?

1.

2.

3.

4.

5.

6.

Matching — continued

The following represent alcohol induced:

A) Bursitis
B) Liver flap
C) Risis sardonicus
D) Torticollis
E) Orientation X 0
F) Psychosis

1.

2.

3.

4.

5.

6.

Matching — continued

An appropriate referral would be to a(n) . . .

A) Endocrinologist
B) Urologist
C) Otolaryngologist
D) Veterinarian
E) Myrtle Beach
F) Arthur Murray Dance School

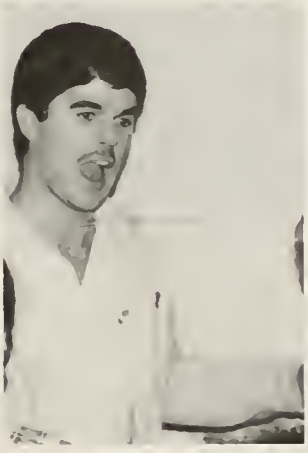

1.

2.

3.

4.

5.

6.

TYPE C — Answer A, B, Both, or Neither

A.

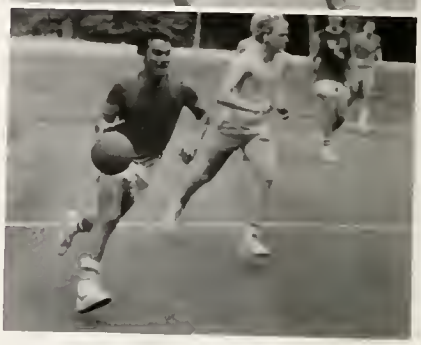

I. Students involved in intense athletic competition

B.

II. I've never had this much fun!

A.

B.

The Dreaded TYPE K: A = 1,2,3; B = 1,3; C = 2,4; D = 4; E = all

I. Narcolepsy

1.

2.

3.

4.

II. Happy, healthy, normal couples.

1.

2.

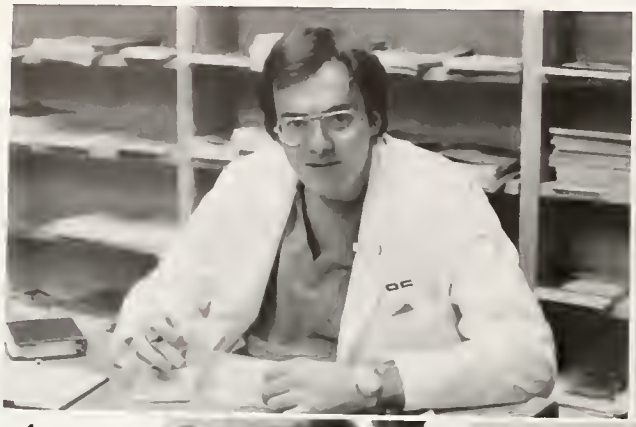

3.

4.

TYPE K — Continued

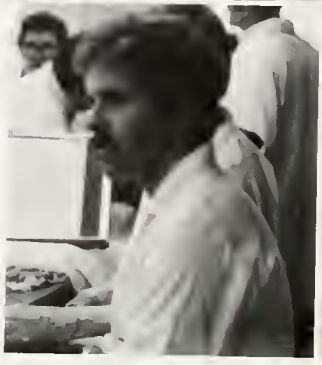

III. Fourth year:

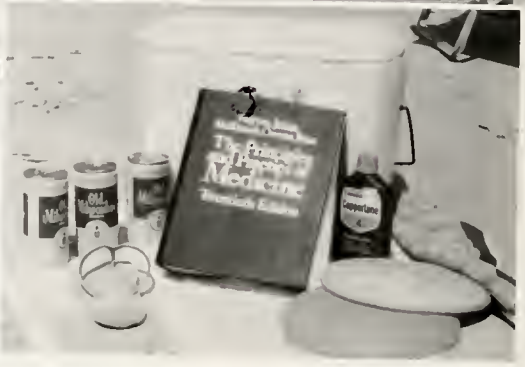

1.

2.

3.

4.

TYPE X — True or False

Ready or not here we come finally!

Congratulations, everybody and Good Luck!

Ultrasonic and Blood Flow Instrumentation

DOPSCAN®

CW Doppler flow velocity imaging system with real time color spectral display. Noninvasively detects and quantifies carotid stenosis and detects flow lesions in the peripheral vascular bed.

DOPSCAN® PLUS

Combination of CW Doppler flow velocity imaging system with real time color spectral display and real time B-mode diagnostic imaging system for vascular and small parts scanning.

Sonacolor® CD

Cardiac Doppler system with real time color spectral display for noninvasively estimating cardiac output and assessing stenosis, regurgitation and cardiac defects.

CLINIFLOW® II

Electromagnetic blood flowmeter with automatic zero. Microprocessor based system provides maximum performance and stability. Designed specifically for vascular and cardiothoracic applications. Full line of blood flow probes are available.

A GOOD EDUCATION IS SOMETHING YOU CAN ALWAYS BANK ON.

It's the basis for everything you'll do and be for the rest of your life. The cornerstone of your career, and the foundation of your future. And a good education is more important today than ever before. At First Union we know that it's hard work.

But we know too, that nothing good comes easy.

CONGRATULATIONS TO
THE CLASS OF '84

FIRST UNION

Wachovia Loans

Before you borrow money anywhere, talk to a Wachovia Personal Banker.℠

Whenever you need a loan, you owe it to yourself to check with Wachovia before you decide where to borrow.

You'll find you can't beat the combination of competitive Wachovia rates and the services of your own Personal Banker to help you match up the loan you want with the payments you can afford.

And since Personal Bankers have the authority to make most loan decisions, you can look forward to a quick answer from Wachovia.

Your Personal Banker wants to lend you money. So stop by any Wachovia office before you borrow. A Personal Banker could turn out to be the only loan source you'll ever need.

Catch The Rising Star.

Piedmont, the Up-And-Coming Airline, is now America's fastest-growing airline as well.

Since 1978, we've doubled the number of miles we fly. We've doubled the number of passengers we carry. We've even tripled our fleet of aircraft.

You can see why our star is rising. So catch our act for a truly outstanding performance.
